SKILLS

Programming

Python	●●●●●
Bash	●●●●●
R	●●●●●
Java	●●●●●
C++	●●●●●

Operating Systems

Linux 

Specialization Areas

Deep Learning (e.g. PyTorch, NLP, Computer Vision, ...)

Visualisation (e.g. matplotlib, seaborn, ...)

Data handling/analysis ●●●●●
(e.g. numpy, scipy, pandas, ...)

Docker 

Languages

Slovak 5
English 5
German 3

CERTIFICATES

Deep Learning Specialist (Udemy)
Self-Driving Cars Specialist (Coursera)

ABOUT ME

My colleagues would describe me as a driven and passionate person who maintains a positive, proactive attitude when faced with adversity. I strive in an open, transparent and friendly environment. I am focused on the objectives and outcomes. I enjoy learning and presenting new ideas.

WORK HISTORY

02/2022 - 07/2022 (Contract)
Masaryk University,
Brno
Research Assistant
Czech OCR engine for document understanding

📅 09/2022 - 07/2022 (Full-time) Research Assistant
📍 DKFZ German Cancer Research Center, Heidelberg
Deep Learning on medical imaging

📅 09/2020 - 12/2021 (Full-time) Machine Learning Researcher
📍 Seznam, a.s., Brno
Deep learning and machine learning for SERP ranking

📅 10/2018 - 10/2019 (Contract)
📍 Resideo, Brno
Data processing and NLP

EDUCATION

 09/2020 - 06/2023
 Masaryk University, Brno
 Erasmus+ Exchange, University of Bergen

 09/2016 - 06/2020
 Masaryk University, Brno
 Erasmus+ Exchange, University of Tartu

ACHIEVEMENTS, HONOURS AND AWARDS

- 🏆 2nd place at DTSE Telekom NLP hackathon

🏆 3rd place at ŠKODA Big Data hackathon

GENERAL SKILLS

Computer Vision

Data Science

Machine Learning

Data visualization

Python

PyTorch

Medical Image Processing

Data Processing
